

Press Release

January 15, 2014

We are pleased to announce that Global Capital Advisors, LLC ("GCA") was recently retained by CampusParc, LP ("CampusParc") to advise on its private placement and ratings process with respect to its recently closed \$285,000,000 private placement. GCA's role with CampusParc included:

- Assisting in the placement agent selection process,
- Advising, in cooperation with the placement agents, on its prospective private placement, and
- Advising, in cooperation with the placement agents, on the ratings process.

On September 21, 2012, CampusParc LP acquired and closed a 50-year long-term lease and concession agreement with The Ohio State University to operate the University parking system. CampusParc is wholly owned by Australian superannuation funds and is managed by wholly-owned subsidiaries of QIC Limited ("QIC"), one of the largest institutional fund managers in Australia with over A\$70.3 billion under management as of June 30, 2013.

As broadly reported in the financial press, CampusParc was successful in achieving a "BBB" senior secured rating on the debt issue from Fitch Ratings, a substantial oversubscription for its debut bond issue, and in attracting a broad range of investors to the transaction.

Global Capital Advisors is dedicated to the application of specialized capital markets and credit ratings expertise to clients seeking to issue debt private placements as well as multinational companies with debt transfer pricing needs. With extensive experience bringing issuers to the debt capital markets while advising clients on a full range of debt and ratings related issues, GCA offers both independent advice to debt issuers and expert opinions on intercompany debt.
